Nijmegen lies in the east of the Netherlands, close to the German border, 56 kilometres from Airport Weeze. Through its unique situation on a lateral moraine on the river Waal, it has been a favourite location for residents and visitors for 2,000 years, in fact since the era of the Batavians and Romans. Nijmegen is therefore the oldest city in the Netherlands.

Nijmegen offers something for everyone.

Visit the city and be in for a surprise!

In Nijmegen, past and present go hand in hand. You can experience it yourself. Like the Romans, high up in Valkhofpark you can admire the Dutch river landscape stretching out in front of you. The city is surrounded by a uniquely varied, natural environment of woods, moors, water, hills and extensive polders with meandering dykes.

Admire too the historic buildings on the Grote Markt, or wander over the Waalkade along Europe's busiest waterway. Discover Roman finds and modern art side by side in Museum Het Valkhof. Visit extraordinary boutiques in historic buildings and trendy shops in the modern two storey Marikenstraat. Or enjoy the lively nightlife.
